**Subject:** [External] Oppose the gas pipeline

**CAUTION:** External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to report.spam@nc.gov.

Reading weekly articles in The Economist and in the books The Weather of the Future and The Climate Casino ought to convince ANYONE that we are playing with ecological fire. You don't have to have a Ph.D. in science (I do) to know that the laws of physics are the laws of physics. This pipeline only adds fuel to the fire (literally). Please don't give in to the No Nothings. Oppose the pipeline. Thank you.
